

**BREWING &
PACKAGING
SOLUTIONS**

WHY CHOOSE BUTCOMBE BREWING CO FOR YOUR BREWING AND PACKAGING REQUIREMENTS?

With over 40 years of brewing expertise and a cutting-edge £4 million packaging facility, Butcombe Brewing Co offers trusted, cost-effective manufacturing solutions to help grow your business.

We now produce over 30,000 barrels per year of quality Ale, Lager and Cider, and supply all major grocery multiples and on trade retailers. Whether you're a startup craft brewer or an established brewery looking for additional capacity, we'd love to talk to you.

What We Offer:

Comprehensive Services:

- Tailored end-to-end solutions for brewing, kegging, and bottling

Flexibility:

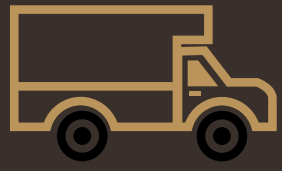

- Split product between kegging and bottling
- Customizable packaging schedules and volumes
- Collection, storage, and delivery options available

Quality Assurance:

- Industry-leading filtration and stabilization technology (Pentair BMF)
- High yield for maximum efficiency and minimal waste
- Expert technical advice and collaboration brew advice

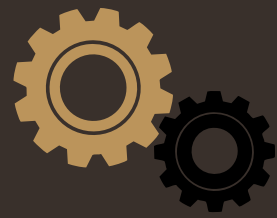

OUR CAPABILITIES

We deliver cutting-edge solutions across ale, lager, and cider with our £4 million state-of-the-art packaging facility located in our 50,000 sq ft warehouse near the M5 in Bridgewater.

Logistics:

- Product collection in 150 bbl tanker, temperature controlled storage, and delivery options
- Flexible tanker volumes inc. 30 to 175 barrel options allowing for multiple products to transport together.

Process:

- Conditioning BMF filtration, PVPP dosing, DAL, carbonation & sterile filtrations
- New Anton-Paar Flex Blender offering increased yield via inline trimming

Bottling & Labelling:

- Bottling in 330ml and 500ml multi formats
- Full label design and application (neck, front, and back)
- White Labelling service – Lager, Zero and Cider

Kegging & Cask:

- 30L and 50L kegs S-Type Sankey
- 4.5G, 9G, and 18G casks
- Split Runs

Packing:

- Custom pack sizes through strong co-packing partnerships
- Full supply of crowns, caps and trays

Brewing:

- Collaboration brews (80-150 barrels) or small runs (5-40 barrels) via our sister company Liberation Brewery.
- Additional cider supply capabilities.

Whatever your needs, we're happy to discuss solutions in detail and offer a full facility tour.

OUR PROVEN TRACK RECORD

Butcombe Brewing Co. boasts a proven track record as a multi-award-winning brewer, earning accolades from the World Beer Awards, SIBA, World Alcohol Awards, BBI and Taste of the West for exceptional quality.

OUR CURRENT CUSTOMERS

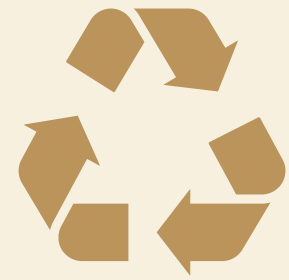

CUSTOMER TESTIMONIALS:

Bays - "Working with Butcombe Packaging is a pleasure; their deep expertise and accommodating approach make them stand out in the industry. Their flexibility and commitment to excellence ensure we always receive a first-class, trouble-free product, making the entire process seamless and reliable." - Will Freeland, Director, Bays Brewery

Oakham Ales - Since January 2023, Oakham Ales has relied on Butcombe for bottling and kegging, benefiting from exceptional quality, efficient logistics, and a turnkey service. Above all, the Butcombe team has been exceptionally easy to work with – friendly, flexible and focussed on our requirements at all times and across all aspects of the business. Nick Jones, Off Trade and Export Manager, Oakham Ales

OUR NET ZERO AMBITION

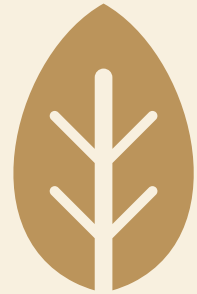

Packaging & Recycling:

We use 50% recycled plastic and 70% recycled glass in our packaging
All On-site card board is recycled for online web shop packaging
All our bottles and mini kegs are 100% recyclable

Transport & Logistics:

Fully electric forklifts; trucks in trials
Cutting carbon footprint with MoQs on all products
Smart distribution: no empty trucks, ever!

Energy Efficiency:

Solar powers 58% of our Polden site
CO2 captured via heat exchange at the brewery for energy efficient brewing
Our remaining UK electricity is 100% renewable

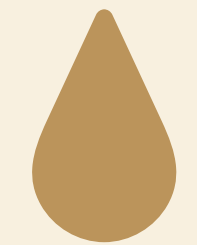

Ingredients and Sustainable Sourcing:

We source our Malt and selected hops from UK producers to reduce our carbon footprint

Waste Management:

60% of brewery waste is recycled.
Waste hops and yeast turned into biogas, heating 150 homes a year.

Water Conservation:

Pure Mendip Spring Water from our own borehole – protecting the environment, boosting quality. Water Re-use – reducing water consumption for brewing and cleaning.

MEET THE TEAM:

With decades of combined brewing and packaging experience, we've got the expertise to deliver exactly what you need. Our skilled, accredited team ensures your product is in safe hands.

Our Qualifications:

Master Brewer Certifications

Craft & International Brewing Expertise

Industry-Leading Quality Control
